Kia ora Ana,

RE: CONFIRMATION OF REDUNDANCY-PACKING OPERATOR, NIGHT SHIFT

As discussed at our meeting on 30 April 2026, I confirm that your position of Packing Operator (night shift) is disestablished from 07/05/2026. This follows the closure of the Icepak cooling line and the restructure of the packing floor.

Your employment ends on 07/05/2026. Your entitlements are:

- Final wages and holiday pay: \$2,214.80 (paid 07/05/2026)
- 3 weeks notice, paid in lieu (included above)
- A written statement of service is enclosed

We recognise this is difficult news. You have been a valued member of the night crew since June 2019 and your line has been the tidiest in the shed for two years running. References are available from the shift manager at any time.

Information about Work and Income support is enclosed. You may also have options with your bank if you have loans or credit-it is worth contacting them early.

We wish you all the best for what comes next.

Nga mihi,

D. Fitzsimons
