

BAKER ELECTRICAL LTD

Client correspondence file-T. Baker | compiled 24 March 2026

Aurora Retirement Village-Bay of Plenty (facilities contractor) (18 February 2026)

Dear Mr Baker,

Further to our meeting of 10 February, we are pleased to confirm the extension of Baker Electrical Ltd's maintenance contract for the Aurora Retirement Village (Tauranga) through 31 March 2027. The scope remains scheduled electrical maintenance and small works at the contracted day rate of \$68/hr + GST, averaging 25-30 hours per week. Invoicing monthly in arrears as usual.

Kind regards,

L. Whitiora, Facilities Manager, Aurora Villas Management Ltd

Bay Dental Group (two practices, Tauranga) (6 March 2026)

Hi Tom,

Confirming we'd like to keep you on the books for both practices for another year at the same arrangement-callouts plus the quarterly compliance checks. Our book-keeper says your invoices have run between \$4,800 and \$6,700 a month over the last year, so roughly steady, touch wood.

Cheers,

P. Sanson, Practice Manager, Bay Dental Group

Harbour City Property Group (body corporate contractor) (20 March 2026)

Tom-we've listed Baker Electrical as our preferred contractor for the Marina apartments' annual electrical checks (July each year, approx \$9,000 of work) and want you on call for the smaller jobs over winter. Same rates as the village work. Let me know you're still keen.

Regards, J. Ngata, Property Manager
