R1 Service Desk Analyst	
Manager aware?	
Yes - discussed at catch-up 12 Aug	

Why this role?

I want to move into IT. I'm halfway through an online IT basics course and I already help colleagues with printer and meeting-room tech most weeks - usually fixing it before Facilities even gets the ticket. The service desk feels like the natural next step.

Experience & training

- Facilities Coordinator, Aotearoa Technology (2024-present):
room setups, AV support, vendor coordination
- 'IT Fundamentals' online course (self-funded) - approx 50% complete
- Education: high school (NCEA Level 2)
